

Spontaneous Days!

October 10 Duluth
 October 17 Flowery Branch
 November 7 Savannah
 December 5 McDonough

Bring your coach and as many of your team members as you can, and come practice Spontaneous with us! This year, we're offering 4 Spontaneous Workshops to help our Georgia teams experience a variety of different types of problems. You **must** pre-register, so we can prepare for you. We're offering two sessions at each workshop so check your schedules and sign up for the one you want. Each session will last three and one-half hours (including check-in and breaks) and consist of a number of different Spontaneous problems for your team to solve. Registration will be limited and slots will be filled on a first-come, first-served basis, so register early. Your coach will be able to remain in the room with you and observe everything. There will be no registration fee for coaches who come with their teams as observers. One coach or other adult must accompany each team. Registration for team members is \$5 each and non-refundable. Teams represented by fewer than five members may be combined with others to form a new group.

Spontaneous Workshop
